

We would like to invite you to the Maya hieroglyphic workshops and lectures of the 3rd Autumn Academy. The event will take place at Bratislava on November 11-13, 2011 and includes 20 hours of workshops and lectures (1 hour = 45 minutes). The Academy will offer three levels - beginners, intermediate and advanced - in the form of creative programs focused on basic knowledge of Maya culture and the decipherment of Maya hieroglyphic inscriptions. All lectures will be held in English, but for the participants of the introductory level workshop explanations can be provided on an individual basis in Slovak (or Spanish), and no previous knowledge of Maya culture or hieroglyphic writing is required. Participants will receive a certificate for the particular level and for students from the European Union there is also a possibility of obtaining academic credits. The advanced group will participate in a special program for the purpose of applying their skills to practice.

DIVISION AND TOPICS:

Introductory level – led by Eva Jobbová and Claudia Zehrt
„The Inscriptions of Piedras Negras“

Intermediate level – led by Guido Krempel
„The Palace Schools of the Northeastern Petén - dedicatory formulae and imagery on Classic Maya ceramics“

Advanced level – led by Nikolai Grube and Carlos Pallán „Early Classic monumental inscriptions of Northeastern Petén“
