

KAA Covid support sessions

A new initiative from the doctoral students of the Department of English and American Studies

Every weekday evening we'll host online Zoom sessions in English for bachelor and master level students to help you meet new friends, beat the blues, address any motivational or practical problems you may be facing, and offer a temporary escape into the world of fantasy gaming. There'll be no homework and no judgment - just fun, friendly support, and chances to socialize.

Universal link to all sessions Mondays to Saturdays from March 1st to August 31st, 2021:
